PURPOSES

Excerpt from the Constitution of the
General Society of Colonial Wars

The Society of Colonial Wars is instituted to perpetuate the memory of those events, and of the men who, in military, naval, and civil positions of high trust and responsibility, by their acts or counsel, assisted in the establishment, defence, and preservation of the American Colonies, and who were in truth founders of this Nation. To this end, it seeks to collect and preserve manuscripts, rolls, relics, and records; to hold suitable commemorations, and to erect memorials relating to the American Colonial period; to inspire in its members the fraternal and patriotic spirit of their forefathers, and to inspire in the community respect and reverence for those whose public services made our freedom and unity possible.

QUALIFICATIONS FOR MEMBERSHIP

Any male person above the age of eighteen years, of good moral character and reputation, shall be eligible to membership in the Society of Colonial Wars, provided he be lineally descended in the male or female line from an ancestor:

(1) Who served as a military or naval officer, or as a soldier, sailor, or marine, or as a privateersman, under authority of any of the Colonies which afterward formed the United States, or in the forces of Great Britain which participated with those of the said Colonies in any wars in which the said Colonies were engaged, or in which they enrolled men, during the period from the settlement of Jamestown, May 13, 1607, to the battle of Lexington, April 19, 1775; or

(2) Who held office in any of the Colonies between the dates above mentioned, as

a) Director General, Vice-Director General, or member of the Council, or legislative body, in the Colony of the New Netherland;

b) Governor, Lieutenant or Deputy Governor, Lord Proprietor, member of the King's or Governor's Council, or of the legislative body, in the Colony of New York, the Jerseys, Virginia, Pennsylvania, or Delaware;

c) Lord Proprietor, Governor, Deputy Governor, or member of the Council, or of the legislative body, in Maryland, the Carolinas, or Georgia;

d) Governor, Deputy Governor, Governor's Assistant, or Commissioner to the United Colonies of New England, or member of the Council, body of Assistants, or legislative body, in any of the New England Colonies.

One collateral representative of a qualifying ancestor shall be eligible for membership, provided there be no lineal descendant, and provided that such person be the oldest collateral representative in the male line of this ancestor, or has filed with the Secretary General of the Society written renunciations from all persons having prior claims to consideration.

No State Society shall adopt any rule of eligibility for membership other than that prescribed in this Article.

Membership in the Society shall not be held completed until the application papers relating thereto have been approved by the Registrar General.

6816

RULES REGULATING THE PROOF OF ELIGIBILITY AND DESCENT AND CONSTRUING THE MEMBERSHIP SECTION OF THE CONSTITUTION OF THE GENERAL SOCIETY

1 - The correctness of statements as to eligibility and pedigree must be proved by reference to original sources or to authoritative works containing quotations from or references to such sources and by certified or sworn copies of records and documents in conformity with these rules.

2 - Public or family tradition alone will not be accepted as proof.

3 - Public records must be proved by duly certified or sworn copies. Documents not public records must be proved by sworn copies or facsimile reproductions.

4 - References to records or printed books must clearly indicate the citation and give title or description, and volume and page and the edition if there is more than one.

5 - Where eligibility is claimed based upon military service, it is necessary to show membership in an organized military unit. Service cannot be presumed because of military titles used in Probate or Registry Records or on Tombstones or the like. Claims based on alleged service in the Plymouth Companies, so-called, of 1643, will not be accepted merely because the ancestor's name appears on the lists given in the Plymouth Records, Pierce's Colonial Lists, Bodge, etc., as such lists are merely lists of men between the ages of sixteen and sixty able to do military duty, and not rosters of organized Military Companies. It is not sufficient to show that an ancestor was "killed by the Indians"; it is incumbent on the applicant to show that the ancestor was qualified under the eligibility clauses of the Constitution.

6 - Where a claim is based on service in the British Forces, applicant must show that the British unit participated with the forces of the Colonies in military duties or that the Colonies raised troops to take part in the War in which the British troops engaged. It is not sufficient to show only that the ancestor was in the British military or naval service.

7 - The expression "Governor's Council of New Jersey" is to be construed to include those persons associated with the Governor in the government of the Province or Colony as a Council. Membership in the Council of the Proprietors does not constitute eligibility.

8 - The terms "Governor," "Lieutenant Governor" and "Deputy Governor," are to be construed to include only the Officers with those titles of the thirteen colonies that united to form the United States and not officials of settlements or portions of colonies, such as Nantucket or Martha's Vineyard, that had local officers sometimes called by these names.

9 - The term "Lord Proprietor" is to be construed to apply to such Proprietors as William Penn and Lord Baltimore, who were equivalent to Governors in the Charter and Royal Colonies, and not to the Patroons or Lords of the Manor, so-called in New York, or other colonies. The term Lord Proprietor in New Jersey is to be construed to include all those persons who were proprietors until the surrender of the right of government to the Crown in 1702.

10 - The term "Commissioner" is to be construed to apply only to the Commissioners to the United Colonies of New England, and does not include Indian or other Commissioners appointed in New York and other Colonies.

11 - The expression "Legislative Body" includes only a body having authority to make laws and does not include Conventions or other bodies having power only to protest or remonstrate. The Twelve Men, the Eight Men, and the Nine Men of New Amsterdam will not be accepted as qualifying ancestors.

METHOD OF ADMISSION

Members of the Society may propose to the Council, gentlemen who appear to be eligible for membership in the Society. Those who are invited to become members are furnished a preliminary application on forms provided for the purpose, to be completed, stating name, residence, and services of the Colonial ancestor from whom they derive eligibility. If the preliminary application is satisfactory, the candidate is provided with formal application papers, which must be subscribed by him, be approved by two members of the Society and contain the detailed pedigree of descent from a Colonial ancestor conferring eligibility.

The correctness of the pedigree should be proved by full reference to authorities, and in cases where reference is to rare volumes or to manuscripts, certified extracts should accompany the application.
